Objective

Seeking opportunities to work with great teams and add value to exciting new projects that will expand my experience and knowledge as a full-stack developer.

Experience

6/2018 - Present

Founder/CTO • Quickease Mobile Car Wash

- Identified an opportunity to help customers save time by providing the most convenient mobile car cleaning services possible.
- Built an intuitively simple to navigate website with online booking and payment integration which has been a differentiator in the industry.
- Manage a great team of people who have excelled to earn the highest ratings in our region for customer satisfaction.

3/2023 – 6/2023

Contracted Web Developer

- Developed a car wash chemical manufacturer's website including ecommerce functionality with user profiles, loyalty system, automated shipping label creation, and general information pages.
- Website built in Wix, with Shiptheory API, and Stripe API integrated.

9/2014 - 2/2018

Managing Partner • Green Phantom LLC

- Implemented several management changes to build a more successful team and increase quality.
- Achieved 60% increase in repeat transactions.
- Improved offerings to increase Revenue by 78% in the first year.
- Opened 2 additional locations in Orlando to expand the business by more than 120% year over year for 3 years.
